DETAILED ACTION

This Office Action is responsive to the After Final Amendment filed March 18, 2009. Claims 1, 3, and 4 are amended. Claims 2 and 17-21 are cancelled. Claim 1 is independent. Claims 1 and 3-16 remain pending.

Allowable Subject Matter

Claims 1 and 3-16 are allowed.

The following is an examiner's statement of reasons for allowance:

Dependent claims 2-6 were previously found to be allowable if rewritten in independent form. Applicants have cancelled independent claims 17, 19, and all of their dependent claims. Applicants have also amended independent claim 1 to incorporate the limitations of claim 2, which was previously found allowable.

The closest prior art references cited are Stewart (US 6,811,608) and Tesch (US 2002/0116416). Stewart teaches displaying a graphical representation of a first user interface component having a visual appearance of a mechanism for facilitating an input of text; receiving a first selection input that corresponds to the graphical representation; and loading a first control in response to the first selection input, the first control being associated with the graphical representation and configured to facilitate an incorporation of text into the graphical representation (Stewart Figure 12 and column 18 lines 45-67).

Stewart does not disclose loading the first control comprises transferring the first control from a computing device storage memory to a computing device addressable memory for execution. Tesch was relied upon for teaching memory management such

that when a graphical object is selected, the object for editing the object is loaded into addressable memory (Tesch paragraph [0014]).

However, neither Stewart nor Tesch teach the displaying, receiving, terminating, and loading steps of amended claim 1. Additionally, none of the prior art appears to teach or make obvious the limitations of claim 1, when interpreted as a whole.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
